

Geography

In geography we will be learning about weather and the four seasons. We will focus on the local area, as well as looking at the wider perspective of the UK. Simply looking out of the window, collecting data in the playground and thinking about what is happening around us. We will use this evidence to make sense of our changing world. The children will observe, spot seasonal patterns and talk about changes by using weather related vocabulary.

History

In history we will be exploring two very different events within the Stuart period. First, the children will investigate the events of the Gunpowder Plot which led to Bonfire Night being introduced into the UK calendar. Next, we will look at the Great Fire of London, and decide whether or not it improved London for those living there. They will learn to interpret evidence from the time and examine whether the sources are reliable.

Religious Education

What do Christians Believe God is Like?

Fundamental to Christian belief is the existence of God, Father, Son and Holy Spirit, so through this unit we will be exploring what Christians believe God is like. We will be exploring stories from the bible, like 'The Lost Son' and discussing what they tell us about God and what the stories mean to Christians. We will also think, talk and ask questions about whether they can learn anything from the story for themselves, exploring different ideas.
